

Being homeless hurts **OPERATION CHILLOUT** helps!

Did you know that one in every five homeless person is a military veteran? Veterans still make up a disproportionate sector of all the homeless people in America.

OPERATION CHILLOUT Homeless Outreach has been on-mission serving homeless veterans, men and women since December 21, 2000, no borders-no boundaries. We are building energy-efficient, flex fuel, attractive, livable, custom-designed micro homes for area homeless veterans.

Can you join us? There are many ways to help.
